Cherie,
There is many
happy years, but this
year but then all. What
else could a guy want, but
to meet someone like you,
getting a new car & graduating
& take care. Well I can say always

Reflecting upon the past three years is a rewarding experience. The problems we have encountered, the approach to those problems and the results of the action have been a real challenge and a learning experience for me.

You probably have realized that you have gotten out of Sweetwater what you have put into it. The efforts, contributions, and involvements in school work and activities have been rewarded by praise, recognition, and the sense of being a part of this school. Such is the way after June 12,1970. Your future rewards in life will be achieved in the same manner.

You have now successfully completed one of your main objectives--a high school diploma. Begin setting your sights on a new goal and start planning for the future, because a person that aims at nothing is almost sure to hit it.

Graduation is your first step toward the future. Your approach to your problems after graduation will reflect your learning from those situations in school. Consider not only how your attitudes and ideas about life have changed since your sophomore year, but also how your approach to solving your problems have changed. My wish for you is that you profit from your mistakes, grow with your accomplishments and develop a willingness to accept a changing world. Remember -- Life is partly what what you make it and partly how you take it.

This year's speech squad, like that of previous years, held its own in local and outside the area competition, even though it can be said that it was a rebuilding period. It participated more in interpretive tournaments where it won awards. In fact, in all tournaments that included individual events as well as debate, it always gained some recognition.

Perhaps its outstanding achievements is the fact that it kept alive its record of eighteen consecutive years of Sweetwater qualifying someone for the State Finals. This record goes back to 1953 and is unmatched by any other school in the area. The qualifier this year, with the qualifying Congress still to be held, was Bob Emerson.

Some of the tournaments outside the area at which members of the squad gained recognition were the Notre Dame Invitational High School tournament at Sherman Oaks, California and the El Camino

KNOWLEDGE BOWL

College Invitational at Torrance, California. In both places several of the members, many of them sophomores and juniors as well as seniors, distinguished themselves.

The matter of depth hurt the group for sweepstakes awards. Then there were times when a "break" either way would have spelled greater achievement. However, there was a revival of the old spirit led by seniors, and actively supported by juniors and sophomores, that had led to outstanding by Sweetwater squads of the past, such as at last year's nationals in Washington, D.C. when Richard Brown took sixth in the nation in Boy's Extemporaneous speaking. Another factor that was faced by this year's squad was the large number of top scholastic and student leaders competing for other schools. But the future looks promising.

What makes it promising is that even though strong seniors such as Bob Emerson, Mike Nagy, Bob Hill, Mark Bush and Elaine Miller will be gone, there will be much more experience for next year in juniors Diane Lortscher, Debbie Jordan, Larry Emerson, Chuck Schroder, Donna Miscolta among others and sophomores Sheri Alvarez, Steve Benevidez, Robert Carriedo and Jerry Bullard.

With a rising spirit, deep desire and wanting to achieve permeating the squad, as well as an endeavor by this year's sophomores especially to get more of their better fellow students interested in speech and debate, it is felt that once again Sweetwater's name will take its old position in speech competition. But, because of fighting against odds, this year's squad can still be unquestionably said to have been one of definitely championship caliber.

Coaches Comment:

It is with deep regrets that we have ended our wrestling season. In winning our 2nd league championship we come to the end of a dream which began three years ago.

Many of the young men you see on these pages will be leaving Sweetwater this year. Many of them were here 3 years ago when we started our drive to a championship. These young men dedicated themselves to be the best and with a great deal of hard work, determination and total team effort many of those goals have been reached.

In the past two years in putting together a record of 28-2 we have defeated many of the strong powers in the county. Helix, Monte Vista, Madison, Chula Vista, all past league and C.I.F. winners. Thanks to the team effort of a fine group of athletes Sweetwater has established itself as a potential strong power in wrestling in San Diego county.

We will all be sorry to see such fine athletes graduate, for we are losing 10 seniors this year. However, next year we will begin another building campaign much like we began 3 years ago and with the example set by such fine young men as you see in these pages I'm sure we will have many more successful years, but this year will always remain as an example of a group of young men who left their school, as they pledged to do three years ago, "Greater than they found it."

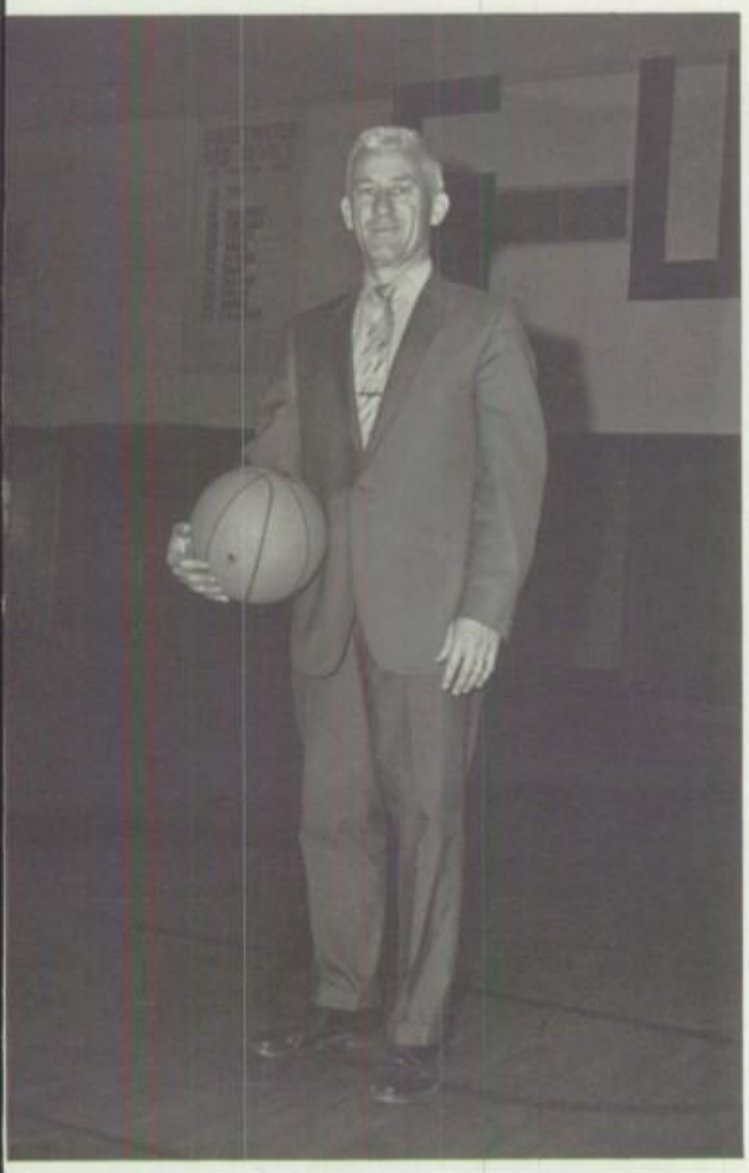
Coach Hombs



Coaches comment:

To drop from 17 wins one season to two the next has been a bitter pill for us to swallow. Without resorting to the "character building" cliche often heard from coaches with losing seasons, I feel we gained and are better men because of the experiences basketball has given us this year. We felt the excitement of winning but more often the agony of defeat. We learned that the pleasure of basketball is personal; it doesn't require winning or we wouldn't have finished games when we were 20 down with 30 seconds to play. We understand now that we play to win but that there is nothing final in victory or defeat. And the returning sophomores and juniors have vowed that next year's opponents will share in these blessings.
